A Message from the Director

Dear IAA Community,

This is the last newsletter of the year!

And it is the time of year again where we wish farewell to our Class of 2017 and wish our Grades 5 and 10 students the best of luck in their Middle School and DP years respectively. To all staff and students who are leaving us, good luck and best wishes. Remember that the IAA will always remain your second home.

It was a very productive year! I want to thank you for your loyalty and support of IAA. Undeniably, our wonderful sense of community played a tremendous part in this successful year and in preparing our students for tomorrow. I would also like to express my gratitude for the PTA for their ongoing support and commitment to IAA. And of course, I thank the great IAA staff for their dedication and in particular Primary Principal Andrew Powell and Secondary Principal Martin Thompson for their sound vision and direction.

We could not have done it alone and I am privileged to be a part of this remarkable community.

As we reflect on our achievements during the past year, a plethora of images, posts and news items cross my mind: from sports trophies to numerous adventure, cultural and drama trips, book fairs, assemblies and concerts that showcase students' talents and skills, science fairs that celebrate solid research, competitions – both local and international- that teach sportsmanship and events that host renowned figures and speakers from across the globe. All these develop our IAA students and firmly ground them to the school pillars of leadership, acceptance, duty and cultural heritage. This is IAA.

Finally, my office is open next Tuesday from 9-10am for parents who wish to see me. This is the final meeting for the 2016/17 academic year.

I look forward to welcoming you all back on the 20th of August 2017 and wish everyone a safe and enjoyable summer break. And a Happy Eid El Fitr!

Hana Kanan, Ed.D.

Director

Primary School News

Dear Parents,

We have arrived at the end of the school year and I would like to take this opportunity to thank all our families that have been so supportive of our endeavours. There have been many highlights for me in my first year at IAA

but what stands out more than anything else, is the caring and loving nature of our students. While our students continue to develop the ability to manage their social interactions like any children of this age, very few principals have the privilege of working in such an encouraging environment.

I am looking forward to our Grade 5 Promotion Ceremony this week as we formally recognise our students who have completed their primary education at IAA. While excited about the upcoming holiday, I know that many are even more excited about starting Grade 6 and the many new experiences on offer in our Middle School. Our Grade 3-5 End of Year Assembly will also be a great way to end the year on Wednesday. At this time, we will announce the winners of our Sports Day and House Cup, as well as our Prefects for the 2017-2018 school year.

As mentioned in last week's newsletter, it is this time of year that many parents want to express their gratitude to our teachers. We do have a very strict gift policy and I do want to remind you that teachers may only receive small gifts such as chocolates or bouquet of flowers.

We recommence school on Sunday, August 20th and an email will be sent home towards the end of the holidays detailing important dates and procedures for the commencement of classes. It is typical for our youngest students (PreK and KG1) to have a staggered start and early dismissal for the first few weeks of school.

This week I would like to congratulate the following Award Winners:

Secondary School News

Dear Parents,

With just a few days of exams to go, the end of the year draws very close. We will be sending out the final report cards on the afternoon of June 14th. A reminder that students must return all textbooks and library items by June 13th.

We would like to take this opportunity to acknowledge and thank the PTA for all the work they have done this year. We have held a lot of events where we have been well supported by the PTA, and so often this year their generosity has been enjoyed by the staff at school. On behalf of the IAA staff, thank you.

We also thank our staff for the countless hours that they have put into creating wonderful learning opportunities and for encouraging our students that they can be successful when they believe in themselves and work hard. To teachers who are moving on, we wish you every success in your future endeavours and know that you will always be part of the IAA community.

We see the summer holiday as an opportunity to extend learning, and the most effective mean of doing so is through reading. The IAA Libraries have set up a blog at <http://iaareads.blogspot.com/> that recommends some good reads. Students are also encouraged to suggest a book, write a book review or post a constructive comment. Many G6 and G7 students have signed up for “The Amazing Reading Race” and have received a “Reading Race” passport. The challenge is to read one book per continent over the summer holiday. Anyone who participates in “The Amazing Reading Race” or becomes a member of the new [library blog](#), can get a 15% discount from Readers from the 10th of June until the 31st of July. All you have to do is mention IAA Summer Reading when you go to the check-out. This offer does not apply to in-house promotions or other existing offers. Please encourage your child to keep reading over the holidays.

We wish you all a wonderful long summer, and all the best for the rest of Ramadan and for Eid. We know that many of our students are travelling this summer and being given the opportunity to participate in wonderful summer programmes. So wherever you go this summer and whatever you are planning to do, be safe and enjoy your holiday. Looking forward to seeing you all back in August for another packed year of learning.
